## Guidelines for Parents

---

Parents play a great role in the education of their children. It is not a one-sided effort of the teacher alone on the child. The teacher will do his share but the parents must also play their part.

- Parents must show their eagerness and concern for the student's educational progress and good behavior.
- Parents must encourage their children to take their studies seriously and boost their spirits always.
- Parents must particularly see to it that their children attend very regularly and punctually. Vain excuses like weddings, parties, pot luck dinners etc. should not be allowed to disturb the educational progress of the child.
- Parents must check the daily progress sheets on daily basis and follow up if there is room to improve.
- Parents should keep contact with the school and particularly with the student's teacher with regard to the student's progress, behavior, problems etc. Always feel free to discuss any matter of mutual interest.
- Parents are requested to keep an eye on the character, morals and behavior their child.
- Parents must sign the "application for admission form" to the effect that they will abide by all the Hifz School regulations.
